# SWISS HERITAGE

Since 1911

**Switzerland**, a beautiful country with spectacular natural landscapes and a rich history, is famous for its manufacturing excellence with uncompromising quality and design.

That's where our story began.

After pursuing detail, perfection and high quality for over a century, we stand for reliable, premium products and have a strong reputation as a dependable partner.

As a traditional Swiss brand with more than **100 years** of history, we have expanded our business across **5** continents with **9,200** employees, and own **72** branches spanning **40** countries.

**There are over 100 million households using Franke products today.**

# OUR STORY

6 key milestones, 4 divisions, 1 successful story

## TODAY

Franke Group consists of four core business divisions: Franke Kitchen Systems, Franke Foodservice Systems, Franke Water Systems and Franke Coffee Systems; Franke Kitchen Systems has become one of the world's leading providers of integrated kitchen systems.

## 1911

Herman Franke establishes a sheet-metal business in Rorschach, Switzerland. In the early 1930s, he manufactures the first sink unit in nickeline, monel and later, in stainless steel. Soon, series production starts and Franke launches the first fully welded, flush-mounted sink.

## 1946

Walter Franke draws up a model for the standardization of the private kitchen, which set kitchen technology standards still used today. They successfully export to neighboring countries, and in the following years, further expand all throughout Europe. The business also grows from private to commercial kitchens, coffee machines, and semi-public washrooms.

## 1978

With the purchase of Progressive Corporation in Philadelphia USA, Franke takes the first big step towards becoming a global company. During the next few years, the company also successfully continues to increase its footprint in the African markets.

## 1995

Franke enters the PRC market – an important step in expanding business in Asia. Since then, Franke has established efficient and economic manufacturing facilities all over the world, successfully building the company into today's global Franke Group.

## 2005

Franke takes over the Faber Group of Italy, one of the top hood manufacturers in the world. This significantly strengthens their capability of being an integrated kitchen system provider.

## 2013

Franke acquires the top-class tap brand, KWC in Switzerland, raising our competitiveness in innovation and design. This has also further enhanced the brands' high-end positioning and image.

# INNOVATION IS IN OUR DNA

We have always been passionate innovators since our beginnings.

# SINKS

## Overview

---

### **Kitchen Sinks That Feel Tailor-Made**

Everyone has a different vision of what would make their kitchen wonderful, and that often begins with how they intend to use it. The demands on your sink will dictate which material is right for your kitchen, as each precision-engineered material has individual character and unique benefits.

Our range covers everything, from the new trends to traditional favourites. All you have to do is pick the one that best complements your cooking style, your lifestyle and your personal style.

### **Fragranite**

Superbly hard-wearing, sinks made of granite are particularly elegant and bring a natural look into your kitchen.

Our processed granite has a subtle shine and feels warm to the touch. The surface is finely textured but not porous, ensuring a high standard of hygiene. Composed of 80% quartz sand and 20% very hard acrylic resin, Franke's hard-wearing granite gives you a lifetime of beauty.

### **Stainless Steel**

Franke stainless steel sinks are made from premium quality 304 stainless chrome nickel steel. Stunningly beautiful, highly resistant to stains, rust and corrosion - plus, it won't chip, craze, flake or break.

Franke offers sinks in a selection of stainless steel finishes, so whether you prefer the more reflective qualities of a polished finish or the subtle matt sheen of a silk or brushed finish, there's a stainless steel solution for you.

# HIGHLIGHTS

Details that make the difference

Small details such as minute material processes, its forming history, or a innovative “fast-in” installation system make a huge difference in the finished product. Whether it’s to save you time, make cleaning easier, boost performance or simply provide an efficient solution for life’s little challenges, every aspect of a Franke sink is carefully designed to make life more seamless.

## Choosing Your Perfect Sink

There are a number of considerations to take into account when choosing a sink. Not only how it’ll accentuate the overall look and feel of your kitchen, but also how well its installation and functionality work for your lifestyle.

### 1. Material Options

- STAINLESS STEEL
- FRAGRANITE

### 2. Installation Type\*

- INSET
- FLUSHMOUNT
- UNDERMOUNT

### 3. Number of Bowls

- SINGLE BOWL  
Single bowl sinks come in a variety of sizes, ideal for limited space or large spaces.
- DOUBLE BOWL  
Double bowl sinks offer great flexibility in the kitchen, providing more space, with additional options.

### 4. Cabinet size

The length and depth of the cabinet, on top of which the sink will be located, are the factors that determine the maximum size of an installed sink.

### 5. Bowl depth

A deeper bowl can make it easier to handle large pots and cookware, but the user’s height should also be considered. A shallower bowl may provide greater comfort while working in and reaching the bottom of the sink.

## Installation Type\*

 **INSET** the most popular installation option: practical and easy.

 **FLUSHMOUNT** a sophisticated design that enhances the look of the worktop.

 **UNDERMOUNT** an original, refined installation choice that allows bowls and sinks to be installed underneath marble or synthetic worktops, creating a surface with immaculate lines which is highly functional, elegant and easy to maintain.

# FRAGRANITE SINK

Durable and versatile, FrAGRanite offers a host of practical and aesthetic benefits. The surface’s rich colour won’t stain, mark or fade over time. Plus, having been heated up to 280°C, the material superbly hard-wearing, making it impact and scratch resistant – perfect for busy family homes. What’s more, our FrAGRanite’s Sanitized® coating reduces bacteria and microbe growth by 99%, helping keep your sink hygienic and clean.

# ACCESSORIES

A seamless supplement to your sink

Turn your sink into a multi-functional work station with the addition of clever accessories that combine function and technology. From items that aid a hygienic kitchen, to those that make preparation a joy, you'll find accessories that surprise and delight, such as the lightboard that fits exactly over the bowl of the sink and acts as an ambient cover.

### THE BEST-SELLING ROLLER MATT

A Franke classic that's not only useful and versatile, but also adds an elegant look to your sink.

### THE NEAT STRAINER BOWL

A beautiful strainer bowl that simply fits. The anti-scratch frame glides perfectly on the edge of the sink: move it to where you need it.

### WOODEN CHOPPING BOARD

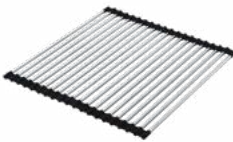

Our Chopping Board fits your sink perfectly, sitting securely over the bowl. Allowing you to maximise workspace and transform your sink into a multi-purpose workstation.

### WIRE BASKET

The Wire Basket is indispensable to hygienically dry your crockery and utensils. Designed to sit firmly on your drainer to balance your dishes firmly and securely so you air dry with confidence.

## TAPS

### Overview

---

#### **Taps Worth Talking About**

The perfect kitchen tap combines form and function, making your life easier and your kitchen more beautiful. Franke taps are a superior choice, renowned for design, quality components, and rigorous manufacturing processes. With the acquisition of KWC Switzerland, Franke has gained a strong partner and increased expertise in high-end tap manufacturing and design.

# HIGHLIGHTS

Kitchen taps designed to the finest standards

Explore endless shape, line and contour possibilities to make an ordinary kitchen something special. The Franke tap range provides your kitchen with a focal point – and in some cases, a talking point. Featuring cutting edge design and a whole host of innovative features to enhance your lifestyle – from filtered cold water, to instant boiling water – the range spans the entire spectrum of form and function.

## Design

Franke's line of kitchen taps perfectly captures all the elements of today's design choices – traditional, transitional, and contemporary. With everything from top flight European models with a sleek minimalist line, to classic models that are the centerpiece to any kitchen, the addition of a Franke tap can reinvigorate an existing kitchen or make a statement all its own in a fresh design.

## Manufacturing

Outstanding design and quality components come together beautifully in the our manufacturing process. Strict adherence to Franke manufacturing standards in forming, finishing and final assembly achieve the exceptional quality and durability that makes a Franke tap one of the most desired additions to a kitchen.

## Hygiene

Superior materials with corrosion resistant and easy-cleaning features guarantee that no harmful materials enter the taps' flow of water.

## Durability

Scratch and acid resistant features of high quality SUS304 stainless steel ensures our tap have a much longer lifecycle.

## Functionality

Ceramic cartridges provide uniform temperature and water flow transmissions, as well as superior water-saving capabilities.

## Design Award

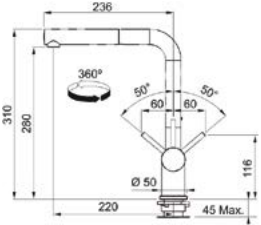

Thanks to its outstanding quality and cutting-edge design, the Franke Pescara range of taps has received the 2017 iF Gold Award and the Red Dot design award.

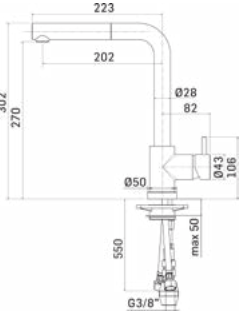

# BRASS TAP

Brass is one of the most common materials in tap making, found all around the world. Its material characteristics make it possible to create a wide range of tap shapes and styles, and chrome finishing provides a shiny look perfect for contemporary kitchen styles.

# FILTRATION

## Overview

---

### **Clean and Healthy Water on Demand**

Whether it's a cool refreshing glass of water in the garden, washing salad and vegetables or brewing the perfect cup of coffee, our water filters improve the look, taste and odour of your water by filtering out unwanted contaminants.

### **instantFil Counter-Top Drinking Water System**

Discover the quick and convenient solution to enjoy fresh, clean water for all of the family. Franke Instantfil counter-top water filters connect to the existing tap and sit next to the sink, meaning the system will fit perfectly in any kitchen without the need for permanent installation.

Franke instantfil counter-top water filtration systems take out more than 99.99% of common water contaminants, providing healthy, tasty water with no extra effort required.

### **Still Pure Under Counter Drinking Water System**

Originally designed to be fitted to the mains cold water pipe underneath the kitchen counter, these filter systems have proved very popular within the water cooler industry, due to the ease with which they can be incorporated into cooler plumbing.

# HIGHLIGHTS

The new contemporary drinking water filter

### 360° Swivel Spout

Versatile positioning on any counter with adjustable length tubing.

### Variety of Filter Elements

Solve most common water contamination issues. Bayonet construction for easy quarter turn access on cleaning and maintenance.

### Modular Design

Space saving modern shape streamlined for easy cleaning with interchangeable coloured body sleeve and cap.

# FOOD WASTE DISPOSER

## Overview

### More Choice, More Space

A food waste disposer unit can be a wonderful, long-lasting addition to any kitchen if proper care is taken.

Food waste disposer units are designed to deal with small amounts of organic waste: fruit and vegetable peels, small bones from fish and chicken, coffee grounds, pips and seeds, nutshells, eggshells, rice and leftover meat. To prevent any problems, avoid putting teabags, seafood shells, corn cobs, banana skins, pineapple leaves or metal, glass, plastic and paper down the unit. Plus, to keep things smelling clean and fresh, don't use drain cleaner – instead, squirt a few drops of lemon juice.

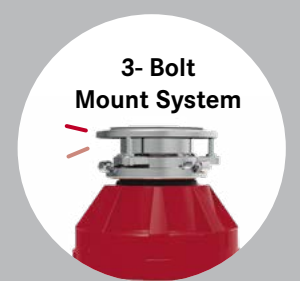

### Torque Talk

- Permanent magnet motor
- Torque master grinding system

### Magnetic Magic

- Energy saving
- Less is more

### Here to stay

- 3-bolt mount system
- Corrosion resistance

### Clean Slate

- Bio Shield
- Removeable splashguards

# HIGHLIGHTS

A greener, simpler and quieter choice

### Less is More

Quickly shred and pulp food waste material into small pieces that are then flushed down the drain at a 2700RPM motor speed. This process releases water trapped inside the food material (which can form up to 85% of its bulk), thereby helping to reduce the volume of food waste released from your home.

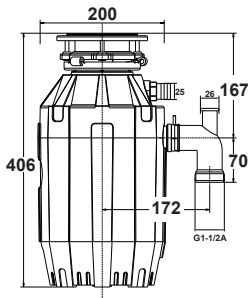

### Health and Hygiene

Food waste in the kitchen is not only messy and inconvenient, but can also lead to hygiene problems. Fish, meat and dairy products can spoil quickly, resulting in a plethora of germs and insects – particularly in a warm environment. A Turbo Elite series food waste disposer is the simple, convenient and hygienic answer.

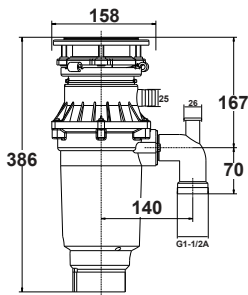

### Safety Comes First

Equipped with complete features and systems for safe use, our Turbo Elite series food waste disposer ensures full functionality for a less wasteful home without any worry over safety or accidents.

## FOOD WASTE DISPOSER

<b>Model</b>	Turbo Elite TE-125
<b>Type</b>	Continuous Feed
<b>Dimension</b>	200ø x 406mm

# CLEAN & CARE

## Overview

### General maintenance is wonderfully simple

Increase the lifespan of your Franke products and prevent the buildup of dirt and limescale by simply wiping down your sink and all stainless steel surfaces with a damp cloth and soapy water. This simple tip will keep your products looking great. Discover more top cleaning tps below.

#### NEW Colored Sink Cleaner (250ml)

Cleaning a colored mineral cast sink is like washing a car. In order to keep it clean you have to make sure the water drops roll off the surface without leaving lime scale deposits. This is exactly what the specialised Franke Kitchen Care Colored Sink Cleaner does. It removes dirt deposits and protects your sink effectively from water stains.

Model Colored Sink Cleaner  
Fun No. 112.0530.238  
Suggested Retail Price: \$200

ITALY

#### NEW Stainless Steel Sink Cleaner (200ml)

Commercial detergents often affect stainless steel. After a while, the sink becomes dull and the glaze is damaged. The new Franke Kitchen Care Stainless Steel Sink Cleaner instead is acid-free and includes polishing compounds which ensure sustainable and gentle cleaning. Applied regularly with the Franke Kitchen Care Microfiber Care Cloth, it ensures your sink will always look as good as new.

Model Stainless Steel Sink Cleaner  
Fun No. 112.0530.237  
Suggested Retail Price: \$200

#### NEW Tap Cleaner (250ml) ITALY

When looking at a shiny tap, one tends to forget all the technology and mechanics tucked inside. There are valves, cartridges, seals, and filters that might get harmed if you use an aggressive cleaner. The Franke Kitchen Care Tap Cleaner removes all lime scale and dirt gently but thoroughly, thus preserving the beauty and performance of your tap for years.

Model Tap Cleaner  
Fun No. 112.0530.239  
Suggested Retail Price: \$200

#### NEW Microfiber Care Cloth ITALY

The best toothpaste is even more effective when applied with the best toothbrush. The same goes for the Franke Kitchen Care detergents. When combined with the Franke Kitchen Care Microfiber Care Cloth, each of them is more effective and more protective than with any other cloth or sponge. Thanks to its unique structure, the fibre used in it absorbs even the smallest dirt particles while smoothly polishing the surface. Washable at up to 60°C and suitable for tumble drying, the cloth can be used over and over again to keep your kitchen clean and shiny.

Model Microfiber Care Cloth  
Fun No. 112.0530.324  
Suggested Retail Price: \$150
